AVALON AI

The Women's Empowerment Intelligence Network

Empowering choices. Connecting opportunities. Supporting independence.

TEAM NAME	THEME	PS CATEGORY	TEAM ID
QUANTIX	Women Empowerment	Software	DEX26180

Stronger Women > Stronger Families > A Stronger Society

PROPOSED SOLUTION

6 barriers, 1 platform. Money, careers, health, rights, digital safety and opportunities are scattered today.

THE SOLUTION

One AI-powered platform that connects a woman's goals, skills and challenges with the right resources and support.

HOW IT SOLVES IT

The Pathway Engine understands goals, finds verified resources, builds an action plan and tracks progress.

WHAT IS UNIQUE

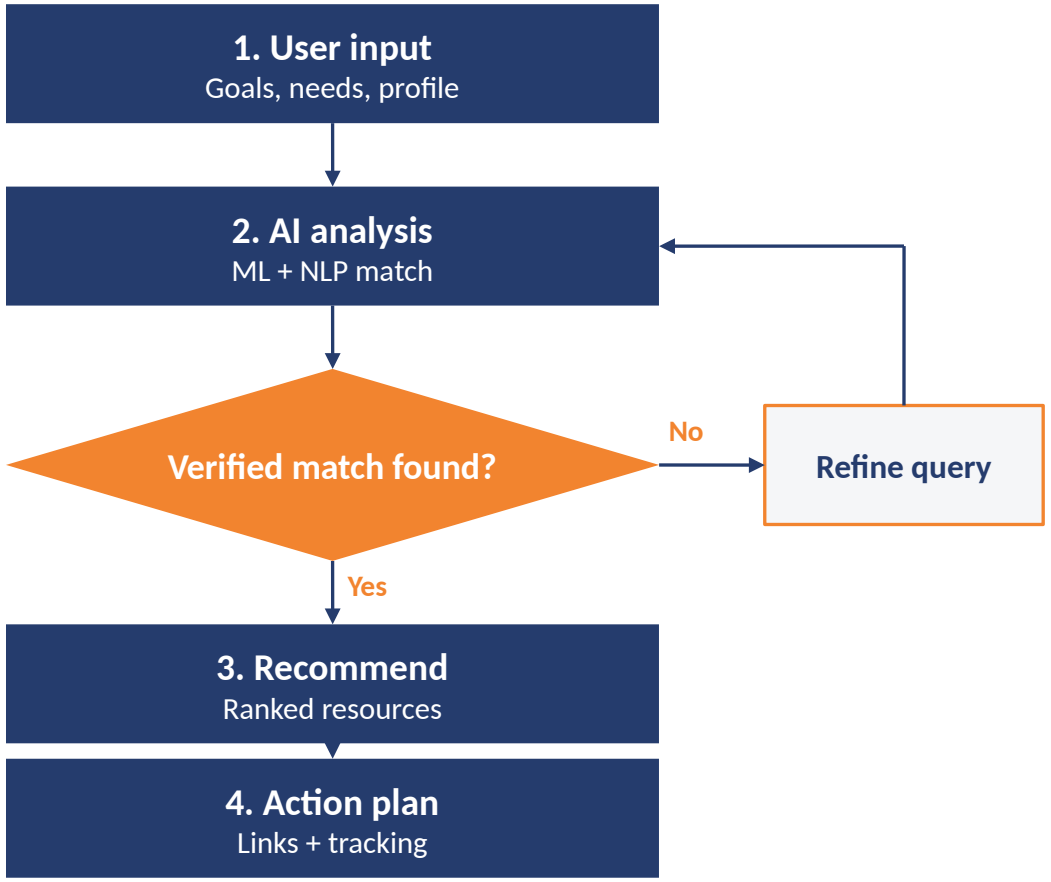

6 connected modules, not isolated tools. Verified sources. Tamil + English. Action plans, not just information.

Financial Freedom AI Budgeting, income ideas, loan and fraud alerts	**Career & Education AI** Skill gaps, courses and a career path	**Health Access AI** Plain-language health info, nearby care
Rights & Equality AI Schemes, legal aid, simple explanations	**Digital Protection AI** Scam checks, safety tips, alerts	**Opportunity Connector** Scholarships, jobs, verified support

TECHNICAL APPROACH

Powered by AI. Guided by data. Built for you.

SYSTEM FLOW

TECH STACK

Technology	Used for
Python	Backend
Streamlit	Frontend
Scikit-learn	ML models
Pandas	Data analysis
PostgreSQL	Database
GitHub	Versioning

AI / ML FEATURES

- Personalised recommendations
- Scam text classification
- Health + legal summaries
- Semantic opportunity search

FEASIBILITY AND VIABILITY

Simple tools + smart logic = real impact

FEASIBILITY

- Open-source stack: Python, Streamlit, Scikit-learn
- Free datasets and reliable public sources
- Prototype doable by a small team in hackathon time
- Modular, scalable to mobile and more languages

Challenges & Risks		Strategies to Overcome
Limited time for full development	→	Focus on core modules first
Quality of data sources	→	Use verified, official sources only
Accuracy of AI/ML models	→	Test models with sample data
User adoption and trust	→	Iterate on user feedback

BUSINESS CANVAS

Investing in women builds stronger families and communities

MISSION

To empower every woman with the right information, resources and support to build a better future.

VISION

A world where every woman has equal access to knowledge, financial independence, healthcare and opportunities.

MARKET & BUSINESS

Users: students, professionals, entrepreneurs, homemakers. Existing apps are single-focus; AVALON AI is 6-in-1.

- NGO and government partnerships
- CSR funding and grants
- Premium features (future)

FINANCIAL PLANNING & REQUIREMENTS

Rs 50,000 - 1,00,000	Initial development
Rs 10,000 - 20,000	Operating cost: hosting and tools
Future revenue	Partnerships, premium features, CSR funding

IMPACT AND BENEFITS

More than a platform - a movement for change

Social	Economic	Environmental	Mental
Equality and inclusion	More income and growth	Sustainable communities	Confidence and well-being

POTENTIAL IMPACT ON THE TARGET AUDIENCE

- Increases access to education, jobs and skills
- Improves financial independence
- Enhances health awareness and well-being
- Builds legal and digital safety
- Connects women to real opportunities and support

Target: students, working women, entrepreneurs, homemakers

Stronger Women > Stronger Families > A Stronger Society
